

Manufacturing Services Group

From Concept to Production

Founded in 1976 Dynapace is the pioneer in the design and manufacture of factory automation equipment, custom kiosks and PCB handling equipment. For more than 30 years we have been able to effectively take our customers input and create innovative designs to provide a new solution or increase the efficiency of an existing process. You can bring our teams expertise in design, manufacturing and assembly to your product.

We will work with you to solve your manufacturing challenge in any of these areas:

- ❖ Engineering Design & Prototyping
 - From Concept to Reality
 - Prototyping
 - Cad & 3D Modeling

- ❖ Electrical Assembly - Cable Assemblies
 - Discrete Wire Assemblies
 - Mod-Plug & Flat Ribbon
 - CPC Connectors & MIL Circular Connectors

- ❖ Electrical Assembly - Panels
 - Power Distribution
 - DIN Rail, Relay & PLC
 - NEMA boxes

- ❖ Mechanical Assembly
 - Sub Assemblies
 - Bearing & Transmission Assemblies
 - Sheet Metal Forming

- ❖ Inventory & Distribution
 - Packaging
 - Inventory Control
 - Shipments on Your Request

Dynapace is committed to providing defect free products and services that meets or exceeds our customer's expectations and are delivered on time. Our quality system covers the requirements of the American National Standard ANSI/ISO/ASQC Q9001-1994. We provide reliability and quality through in-process inspection, electrical and functional testing as well as Hypot testing when required. Custom labeling and packaging is available
